RALEIGH, December 2, 1907.

His Excellency, R. B. GLENN,
Governor of North Carolina,
Raleigh, North Carolina.

SIR:—We hand you herewith the Annual Report of the State Tax Commission for the year 1907, as required by section 7 of the Machinery Act of 1907.

As this was the year for assessment of all property, a pamphlet for the instruction of list-takers and assessors, explaining the work of the tax laws and calling particular attention to points in the administration of laws which seemed to have been overlooked, advising the list-takers and assessors, and explaining points which seemed to be intricate and upon which assessors might differ, was prepared. Copies of this letter were furnished to each assessor and list-taker. In addition to this, numerous letters were written to list-takers and other tax officers, replying to inquiries as to the application of the Machinery and Revenue Acts to particular facts.

From reports furnished by the Registers of Deeds, Clerks of Courts, Mayors, and Clerks of Towns and Cities, on forms provided by this Department, twenty-six tables were prepared, which are published herewith.

Table No. 1 shows by counties the number of acres of land and total value of the land, and classes and value of all personal property required to be listed with list-takers for taxation, compiled from returns of the Registers of Deeds on file in this office; and also amount of incomes and total incomes listed for taxation for the year 1906.

Table No. 2 shows by townships in each county the number of polls, number of acres of land and value, number of town lots and value, total value of real estate, total value of personal property, and aggregate value of real and personal property for the year 1906.

Table No. 3 shows by counties list of all corporations reporting to and assessed by the Auditor, except banks, with assessed value of capital

26044

stock, value of property listed, and value of capital stock in excess of property listed as determined by the State Auditor for the year 1906.

Table No. 4 shows by counties the total assessed value of all corporations other than banks assessed by the Auditor, assessed value of real and personal property listed locally for taxation, and corporation excess of such corporations for the year 1906.

Table No. 5 shows list of banks and assessment of bank stock for the year 1906, as per certificate of State Auditor.

Table No. 6 shows by counties the assessment of bank stock, less real and personal property, listed locally for the year 1906, as certified by the Auditor.

Table No. 7 shows list of Building and Loan Associations and the assessed value of capital stock for the year 1906.

Table No. 8 shows by counties number of white, Indian, and negro polls; value of railroad and other property assessed by the Corporation Commission; amount of corporate excess and value of bank stock; amount of Building and Loan stock; assessed value of property listed by each race, and the aggregate assessed value of all property subject to school taxes for the year 1906.

Table No. 9 shows by counties the amount of school-tax levy for the year 1906, and the subjects thereof, as returned by the Registers of Deeds.

Table No. 10 shows by counties the amount of taxes levied on polls and property and Schedules B and C, and total taxes, all sources, for county purposes for the year 1906, as shown by returns from the Registers of Deeds.

Table No. 11 shows by counties taxes collected under Schedules B and C, and sources thereof, for State purposes for the year 1906.

Table No. 12 shows by counties taxes collected under Schedules B and C, and sources thereof, for county purposes for the year 1906.

Table No. 13 shows each county's bonded indebtedness, on what account, and rate of interest and current liabilities for the year 1906, as per report of Registers of Deeds.

Table No. 14 shows tax rate of each county for State, school and pension, county, special and township purposes, for the year 1906, as per reports of the Registers of Deeds.

Table No. 15 shows by cities and towns the assessed value of real and personal property, the number of white and colored polls, the tax levied on same, and also the revenue derived from all other sources, and the grand total from all sources; also the amount uncollected, the disbursements, the total amount collected, tax rate, bonded debt, current liabilities, and total debt for the year 1906.

Table No. 16 shows the number of the various subjects returned by the Sheriffs as of March, 1907, upon which a State tax is collected under Schedules B and C of the Revenue Act.

Table No. 17 shows by counties the decrease in the various State and county funds on account of released polls and uncollected taxes from real and personal property allowed Sheriff or Tax Collector by the Board of County Commissioners for the year 1906.

Table No. 18 shows by counties the average value of land per acre, town lots, domestic animals, and the general average compiled from abstracts from each county for the year 1906.

Table No. 19 shows by counties comparisons in assessments of land and personal property, and bank stock, railroad and other property, corporate excess, Building and Loan Associations, and incomes for the years 1900 to 1906, inclusive.

Table No. 20 shows comparative statement of property assessments, bonded and other indebtedness; also taxes collected under Schedules B and C for the years 1900 to 1906, inclusive.

Table No. 21 shows total of listed taxables and tax thereon, as per statement received from counties for the year 1906.

Table No. 22 shows by counties the number of polls and aggregate assessment of all property listed for taxation for the year 1906.

Table No. 23 shows the State and pension tax upon property and polls, State tax from Schedules B and C, income tax, county tax from property and polls, county tax from Schedules B and C, school tax, all sources, aggregate tax, all sources, for the year 1906.

Table No. 24 shows the total amount of taxes levied in North Carolina for the year 1906, State, school, county, and municipal, together with amounts received by State Treasurer from other sources.

Table No. 25 shows the State, county, and municipal indebtedness for the year 1906.

Table No. 26 shows the value of land, town property, personal property and railroads, etc., for the years 1872 to 1906, inclusive.

From these tables it appears that the number of polls listed in 1906 was 287,171, against 281,076 for 1905. The total assessed value of all property for the year 1906 was $488,662,568.18, against $461,520,668.32 for the year 1905, an increase of $27,141,899.86.

Incomes listed for tax amounted to $3,138,759 for the year 1906, against $2,798,895 for the year 1905.

Total tax levied on property under B and C Schedules and on incomes for the year 1906 for State purposes was $1,175,747.89; pension, $229,925.55; county purposes, $2,364,802.61; school purposes, $1,553,096.94; making a total of $5,323,572.99. Of this amount $83,390.53 was uncollected.

Total tax levied on polls and property for municipal purposes for the year 1906 was $814,078.92; of this amount $108,069.12 was reported uncollected.

Total amount of tax levied for 1906 for State, county, school and municipal purposes was $5,907,726.36.

Great progress has been made in the State in listing and assessing property since the year 1901. The total assessment of all property for taxation in 1900 was $300,709,300, and as the total assessment for the year 1906 was $488,662,568.18, there was an increase of $187,953,268.18 since the establishment of the State Tax Commission.

We are unable to give the result of assessments for the year 1907, as the reports from Registers of Deeds, Clerks of Courts, Mayors, and Clerks of Towns or Cities for this year are incomplete, not much more than half of the Registers of Deeds, etc., having made reports up to this time. It is a matter of regret that the times of making these reports are so arranged that the information is stale before it can be given to your Excellency or to the public. We estimate from such reports that we have that there will be an increase in the total assessments approximating $85,000,000.

Formal complaints were made to the Tax Commission about irregularities in assessments in the counties of Franklin and Caswell. As these complaints have not been disposed of, they will not be noted further here, but report of them will be included in our next Annual Report.

As the General Assembly will not meet until after the time for making our next Annual Report, we will not make any recommendations at this time.

Respectfully submitted,

FRANKLIN MCNEILL,
Chairman;
SAM. L. ROGERS,
E. C. BEDDINGFIELD,
Commissioners.
